

## Rally Of Wessex 2018

### Lawn Darts Rules

The darts are intended to be tossed underhand towards a target about 30 feet away (10 paces).  
The Dart should be held between forefinger and thumb  
The target is typically a plastic ring, and landing anywhere within the ring scores.

#### **Basic Rules**

You should place one target circle and one throwing circle on the ground 30 feet apart.  
(Aprox 10 paces)

Each Team should have a min of two practice throws.

To start the game, you must determine who throws first.

One player from each team should then stand with one foot in the throwing ring, and the other foot astride.

Holding the dart between forefinger and thumb, throw one dart each underarm, aiming at the target circle. The team nearest the centre of the target circle becomes the team to throw first.

#### **How to Score**

A} Each player has two darts per end.

B} The Lawn dart has to stick inside the (Target Circle) to score 3 points.

C} Any Dart failing to stick in the surface does not score.

D} Darts landing and sticking outside the (Target Circle), the dart nearest scores 1 point.

E} Each team plays at consecutive ends, the first team to reach a score of 21 points wins

#### **Useful Tips**

A} When playing on particularly hard ground, you may soften the target circles. By adding water to the surface. This needs to be carried out till a Dart can stick in the ground.

B} In windy conditions shorten the throwing distance till it is safe to throw a Dart.

About 7/8 paces.

#### **Teams**

Teams to consist of 4 persons of any age

**General Rules and Comments apply to all grievances, complaints and disputes. In the first instance you MUST contact your Centre Wessex Representative. Failure to comply may result in points being deducted from your Centres overall score.**
